### Why Is Breaker Box on Outside of House? Here's the Reason

Putting the circuit breaker box outside allows firefighters to shut off the property's main circuits during a fire. Many fairly new homes will likely have their electrical service panels outdoors.

### Breaker box located outside of the house : r/AskElectricians

Every house I've ever lived in, the breaker box was inside, like in the garage, or behind a bedroom door, or in a closet. I was a bit surprised to find it outside of the house.

### Exposed Electrical Wiring: Code and Practices

If you run THHN cable inside a wall, which counts as an exposed area, there will need to be a transition point from the cable to the THHN, such as a junction box.
