

# Accelerate the promotion of new energy storage

## ◆ PRODUCT INFORMATION ◆

-  **BATTERY CAPACITY**  
50kWh~500kWh
-  **DC VOLTAGE RANGE**  
400V~1000V
-  **DEGREE OF PROTECTION**  
IP54
-  **OPERATING TEMPERATURE RANGE**  
-10~50°C

## Accelerate the promotion of new energy storage

---

### [China unveils 3-year action plan to boost new-type energy storage](#)

China on Friday unveiled an action plan to promote the development of new forms of energy storage between 2025 and 2027, amid efforts to support green energy transition and ensure

### **The development of new energy storage is accelerating.**

We believe that after the implementation of the energy storage policy, the new energy storage will accelerate the promotion of entering the power trading market and expand its revenue

### [Xiqing District, Tianjin: Accelerate the promotion and application of](#)

By 2025, the renewable energy substitution rate of urban buildings will reach 8%. Reference address: Xiqing District, Tianjin: Accelerate the promotion and application of new energy storage

### [China to boost new-energy storage manufacturing industry, targeting](#)

China has unveiled an action plan to boost full-chain development of the new-energy storage manufacturing industry, aiming to expand leading enterprises by 2027, enhance innovation

## Global Energy Storage Boom: Three Things to Know

Global energy storage additions are on track to set another record in 2025 with the two largest markets - China and US - overcoming adverse policy shifts and tariff turmoil.

## Eight departments issue documents to promote high-quality

An action plan is issued, aiming to build a growth engine such as new generation information technology and new energy, and promote the high-quality development of new energy

## China unveils measures to bolster new-type energy storage

Chinese authorities unveiled several measures on Monday to promote the new-type energy storage manufacturing sector, as part of efforts to accelerate the development of emerging

## Energy Department Pioneers New Energy Storage Initiatives

The GSL is an energy storage research and testing facility that will accelerate development of next-generation grid energy storage technologies that are safer, more cost effective,

## 14th Five-Year Plan: New Energy Storage Development

This document identifies energy storage as a key element of the decarbonisation of the sector and support energy security. It promotes the high-

quality and large-scale development of new

## **CHINA'S ACCELERATING GROWTH IN NEW TYPE ENERGY**

Local governments have also introduced a series of policies to promote the construction of new type energy storage in conjunction with new energy power generation.
