

Canberra Solar Folding Container Mobile Type for Construction Sites

Overview

Canberra-based ECLIPS manufactures containerised, portable buildings that can be quickly deployed in remote areas to create bases for industries such as mining, military and emergency services. The lightweight . Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail system and no shading from a remaining container structure.

Canberra Solar Folding Container Mobile Type for Construction Sites

solarfold , Mobile Solar Container

The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with suitable energy storage systems. The lightweight,

Portable solar panels when you are on the go!

Canberra-based ECLIPS manufactures containerised, portable solar panels that can be quickly deployed in remote areas to create bases for industry.
