Substation Components-Part 3: Circuit Breakers

This article explores the crucial role of circuit breakers in substations, covering their fundamental functions, interruption processes, and the impact of transient recovery voltage (TRV) on

City of Cape Town

Human Resources Responsible for Training - learnerships (own staff) - Apprentices (largely for industry at this point) - Learner Technicians (succession planning and EE) - Graduate Engineers (succession

City of Cape Town modernises its electrical infrastructure

The City of Cape Town, which is responsible for delivering energy to some 4.8 million residents in the Western Cape, has awarded ABB a three-year contract for a phased retrofit of legacy

HV Equipment & Switchgear , Transmission and Distribution

ACTOM offers a complete range of solutions, OEM equipment, and services for the transmission and distribution industry, including high voltage circuit breakers, instrument transformers, surge arresters,

Supply, Install and Commission Services for High Voltage Breakers

The primary objective of this tender is to supply, install, and commission high voltage breakers within substations for the Electrical Department at the Port of Cape Town.

City of Cape Town shores up sustainable energy distribution

The City of Cape Town, which is responsible for delivering energy to the 4.8 million residents of the Western Cape, has awarded ABB a three-year contract for a phased retrofit of

Ampcor Services

Secondary Plant: MV Switchgear, DC High Speed Circuit Breakers, Rectifiers, Wave Filters, Positive Isolators, Battery Chargers including the design, supply, installation and commissioning of the

Cape Town shores up sustainable energy distribution

Now, the City has teamed up once again with ABB to install additional 12 kV VD4 circuit breakers and ancillary equipment to replace their ageing LMX installations.

Electric Circuit Breakers and Switches

Schneider Electric South Africa. electric circuits breakers and switches deliver safe, reliable current control with MCCBs, ACBs, and protection up to 6300 A
