

# Construction of a solar plant energy storage project in Portugal

## Construction of a solar plant energy storage project in Portugal

---

### [Hyperion starts building 64 MWh of BESS at Portuguese solar farms](#)

Portuguese renewable energy developer Hyperion Renewables has started construction of its first battery energy storage projects, with a plan to add 16 MW/64 MWh of storage systems to

### [Portugal's Renewable Sector Attracts Larger Investment as Storage](#)

The renewable energy landscape in Portugal is moving into a new phase, marked by stronger commitments from international investors and the integration of storage technologies into

### [Akuo To Build 80 MW / 220 MWh SantasBAT Storage Project In Portugal](#)

Akuo, a global company specialising in renewable energy, is preparing to begin construction on SantasBAT, a Battery Energy Storage System (BESS) with a capacity of 80 MW of

### [Galp and Powin to build large-scale energy storage system in Portugal](#)

The batteries will allow Galp to store the solar energy produced in periods of high generation, and to deploy it during periods of high demand, maximizing the energy's value. Alcoutim

### [Akuo to build 220 MWh SantasBAT in Portugal to co-locate BESS with](#)

French independent power producer Akuo is moving to construction on SantasBAT, an 80MW battery energy storage system (BESS) in Borba, Portugal, co-located with its existing 181MW

### [GALP announces 'solar energy storage projects' in Portugal and Spain](#)

Portuguese energy giant GALP has announced construction of five battery projects, with a total capacity of 74 megawatts (MW), to store solar energy in Spain and Portugal.

### **Akuo to Construct 80 MW/220 MWh BESS at Portugal Solar Plant**

French independent power producer Akuo is set to begin construction of an 80 MW/220 MWh battery energy storage system (BESS) at its Santas solar photovoltaic plant in Borba, Portugal.

### **Galp building 73MW/147MWh of Sungrow BESS in**

Galp has announced construction on BESS projects in Spain and Portugal using equipment from inverter and BESS firm Sungrow.

### [Hyperion Renewables, Saft and Omexom build Portugal's first battery](#)

These will be Hyperion's first hybrid (solar + storage) projects and among the first of their kind to move into implementation in the Iberian

Peninsula, positioning both the company and the

## **Akuo SantasBAT Portugal BESS solar storage energy project**

Akuo to build 80 MW SantasBAT BESS in Portugal, boosting solar storage, grid resilience and supporting national energy transition goals.
