

# Cost of a 20kW solar cabinet-based base station in india

## Overview

---

☐☐ Price (2025 estimate): ₹13,00,000 - ₹16,50,000 The price of a 20 kW solar system depends on factors like the type of system, brand, quality of components, and installation costs. The main price difference is due to the fact that the solar subsidy under the PM Surya Ghar Muft Bijli Yojana is available only for housing societies, not for commercial setups. With the government offering monetary incentives, homeowners can secure the 20 kw solar system at a more affordable price in India with subsidy inclusion. 10 to 25 lakh, while it is approximately \$58,600 in the US. Let's go through these . A 20kW solar system is a high-power energy generation solar system that generates 2400 units per month on average throughout the year. It requires approx 120 square meter shadow + gap-free area for installation.
