## Egypt solar-powered communication cabinet hybrid energy construction

---

### [400 million for Scatec's largest solar and battery project in Egypt](#)

The Climate Investment Fund is committing 400 million kroner to Scatec's Obelisk project in its first investment in Egypt. The hybrid plant, with 1.1 GW of solar power and 200 MWh of battery

### Scatec starts construction of large-scale hybrid solar and

Norway's Scatec has commenced construction of its 1.1 gigawatt (GW) Obelisk solar and 100 megawatts (MW)/200 megawatt-hours (MWh) battery storage project in Egypt, marking the Arab

### [Egypt: Scatec Begins Construction on Obelisk Hybrid Solar Project](#)

Renewable energy company Scatec ASA has commenced construction of a 1.1 GW solar project with 100 MW/200 MWh of accompanying battery energy storage in Egypt. Set to become the

### [Scatec signs PPA for 1 GW solar and 100 MW battery storage project in Egypt](#)

The 25-year, USD-denominated agreement marks Egypt's first hybrid solar and battery energy storage system. Scatec will manage the engineering, procurement, and construction, along

### [Scatec to build a Major Hybrid Solar plant with Battery Storage in Egypt](#)

Norwegian renewables developer Scatec has received the cabinet's approval to proceed with a major hybrid solar and battery storage project in Egypt, which can produce 100 megawatts

### **COD reached for first phase of the Obelisk project in Egypt**

Once fully operational, the Obelisk project will become Africa's largest hybrid solar and battery installation, with an expected abatement of more than 1.2 million tonnes of CO<sub>2</sub>e emissions

### [Scatec Begins Construction on Egypt's First Hybrid Solar and Battery](#)

CEO Terje Pilskog expressed pride in initiating Egypt's first hybrid solar and battery storage project, emphasizing the company's commitment to supporting the country's renewable energy

### [Scatec signs landmark 25-year PPA for Egypt's first hybrid solar and](#)

Just last month, the Egyptian Cabinet approved a project with UAE-based renewables developer Masdar to add 1,200 MW of solar energy capacity and 240 MWh of battery storage in Egypt.
