

Energy company uses waterproof solar photovoltaic containers in the Maldives

Overview

19, 2026 /PRNewswire/ - GCL System Integration (GCL SI) has announced the successful completion of the joint floating solar energy project in collaboration with long-term partner Ocean Sun for the Soneva Secret resort in Maldives, which utilizes over 4,200 . SUZHOU, China, Jan. We make solar energy a hassle-free experience by handling all the tech & maintenance. We work with ultra-luxury resorts and small businesses alike - always aiming to .

Energy company uses waterproof solar photovoltaic containers in the

Renewable energy Maldives

At Renewable Energy Maldives we are proud to have introduced innovative solutions to reduce fossil fuel use in the Maldives. We have studied the local energy use, habits and costs.

By successfully replacing diesel-based generation with marine-adapted photovoltaic systems, the project highlights a scalable pathway toward cleaner and more resilient energy

Solar Power for a Greener Energy Sector

Powered by a combination of solar photovoltaic panels and batteries, this pilot transport initiative can be replicated in the nation's many islands and resorts. This ongoing project has helped the Maldives

ALUMERO systems - solarfold

The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp and, thanks to the lightweight and environmentally friendly aluminum rail system,
