## Overview

---

The short answer is no, you can't get free solar panels from the government. That being said, there are many incentives put in place by the Federal Government to help homeowners transition to solar energy to power their homes. The Solar Energy Technologies Office (SETO) does not provide financial assistance to companies or individuals to install solar systems. - The Energy Department has compiled a comprehensive . If you invest in renewable energy for your home such as solar, wind, geothermal, fuel cells or battery storage technology, you may qualify for an annual residential clean energy tax credit. Potential . Federal Tax Credit Under Threat: The 30% federal solar tax credit, worth \$4,000-\$15,000+ for most households, faces potential elimination by December 2025 due to pending Congressional legislation, making 2025 a critical year to act.
