

# **Huawei southeast asia solar energy storage manufacturer**

## Overview

---

SINGAPORE - The infrastructure division of Keppel will work with Chinese tech giant Huawei International to design and develop solar photovoltaic (PV) systems and battery energy storage system (Bess) technologies for interconnected power grids across South-east Asia. The MoU will see the companies explore the design and development . The aim is to reduce the projects' carbon intensity, improve operational stability and optimise life-cycle costs and economic performance.
