Cape Solace provides end-to-end EPC solar solutions, from initial consultation and custom design to professional installation and . About 5 years ago Glass on Perspex solar panels were installed on a lifestyle centre in an up-market estate in the Western Cape, These panels advertise a warranty of more than 20 years, but sadly just 5 years later have started delaminating. Delamination of a solar panel refers to the separation or . When choosing solar panels, it's important to consider efficiency ratings, durability, and suitability for Cape Town's climate. Led by husband-and-wife team Francois and Charina Joubert, the company brings a unique, family-oriented . Cape Solar has 10 years experience in the commercial grid tie and battery energy (BESS) installation and management sector.
