

# Inner Mongolia photovoltaic panel project opening ceremony

**FLEXIBLE SETTING OF  
MULTIPLE WORKING MODES**

## Overview

---

According to DateBM, on January 15, the mass production launching ceremony of the first phase of Huansheng 10GW high-efficiency solar module intelligent factory project was held in Jinshan Hi-tech Zone, Saihan District, Hohhot City, Inner Mongolia, marking the official . According to DateBM, on January 15, the mass production launching ceremony of the first phase of Huansheng 10GW high-efficiency solar module intelligent factory project was held in Jinshan Hi-tech Zone, Saihan District, Hohhot City, Inner Mongolia, marking the official . qian Banner, Ordos City, Inner Mongolia Autonomous Region. It is a nomous Region, it's hard for visitors to imagine that oject construction period is from March 2024 to July 2025. After completio , the annual revenue can be ls in Otog Front Banner, Inner Mongolia autonomous region. (PHOTO / . At the China General Nuclear Power Group (CGN) Keyouzhong Banner Integrated Project of Desertification Control in China's Hinggan League, Inner Mongolia, high-quality forages such as ryegrass and green foxtail thrive beneath the photovoltaic (PV) panels. In recent years, Inner Mongolia has carried out integrated projects for sand prevention and control as well as wind and photovoltaic power to advance the . Recently, the groundbreaking ceremony for the JA Naoer 5GW high-efficiency photovoltaic module project was held in the national Bayannaer Economic and Technological Development Zone.

## Inner Mongolia photovoltaic panel project opening ceremony

---

### [PV projects boost local ecological rehabilitation, economic growth in](#)

To date, photovoltaic bases have been established in the northern part of Kubuqi Desert, which also serve as solid booster for local ecological rehabilitation and economic growth.
