

# Macedonia s new solar battery cabinet

## Overview

---

The US-based Pomega Energy Storage Technologies, specialising in lithium iron phosphate battery production, will install a 62-megawatt (MW)/104-megawatt-hour (MWh) battery energy storage system (BESS) at the Oslomej 80-megawatt-peak (MWp) solar plant in North Macedonia, operated .

The US-based Pomega Energy Storage Technologies, specialising in lithium iron phosphate battery production, will install a 62-megawatt (MW)/104-megawatt-hour (MWh) battery energy storage system (BESS) at the Oslomej 80-megawatt-peak (MWp) solar plant in North Macedonia, operated .

With renewable energy adoption surging across the Balkans, Skopje has become a focal point for manufacturers specializing in battery energy storage cabinets. These systems bridge the gap between intermittent solar/wind power and stable grid operations - a critical need as North Macedonia targets .

North Macedonia's energy grid as a giant battery-powered picnic basket. You want your energy storage system to keep the "food" (electricity) fresh during cloudy days when solar panels nap and wind turbines take coffee breaks.

Investments: The country is attracting investments in battery factories, with projects worth up to EUR 360 million underway<sup>2</sup>. We provide operation and maintenance services (O&M) for solar photovoltaic plants.

## Macedonia s new solar battery cabinet
