

Microgrid Procurement Collaboration Platform

Overview

Through our streamlined software platform, DCIDE, we are setting a new industry standard that enhances productivity, eliminates soft costs, and encourages collaboration across multiple vendors. Xendee's PROPOSE is a catalog driven proposal tool designed to win deals fast and pass projects to engineers effectively. Design for Optimal Performance → . EASI is the all-in-one platform for microgrid design and EPC-ready pricing, taking you from site data to a kit-specific microgrid proposal in just a few clicks. Always free to use, EASI gives qualified premium partners dedicated engineering support, priority access, and a direct path to turnkey . Increases in power outage frequency and duration has accelerated interest in microgrids, systems that can provide resiliency and more sustainable energy than traditional backup power solutions. These microgrids can incorporate both legacy and new conventional power generation equipment with . Wunderlich-Malec's team of energy experts specialize in providing consulting services that provide innovative strategies and practical solutions to help clients achieve their energy sustainability and resiliency goals. By analyzing energy procurement and utilizing advanced software tools, in . s resource from RE+ Events.

Microgrid Procurement Collaboration Platform

[Introducing multi-model intelligence in Researcher , Microsoft](#)

Today, Researcher-Microsoft 365 Copilot's deep research agent for work-takes a significant step forward. Designed to tackle complex research in the flow of work, Researcher now

Energy Sustainability & Microgrids

Our practical and cost-effective solutions to measure, track and manage changes in energy systems and energy procurement to meet energy sustainability and resiliency goals.

Create and save a passkey

Learn how to create and save a passkey to sign in to your Microsoft personal or work/school account and many other websites, apps and services.

Energy Sustainability & Microgrids

Our practical and cost-effective solutions to measure, track and manage

[Introducing MAI-Transcribe-1, MAI-Voice-1, and MAI-Image-2 in](#)

Voice and speech are rapidly becoming the primary interface for the next generation of AI agents, and building great voice experiences requires models that can both speak and listen with

EASI - Microgrid Design & System Sizing Platform

EASI is the all-in-one platform for microgrid design and EPC-ready pricing, taking you from site data to a kit-specific microgrid proposal in just a few clicks. Always free to use, EASI gives qualified premium

Direct Energy Partners

Powerful Software for Power Systems & Microgrids Software Platform for Professionals
When it comes to power system design, DEP helps you decide, how much of what you need and who can get it done!

Microgrids

Microgrid and onsite generation projects benefit from early-stage financial planning and collaborative execution. NORESKO works closely with clients and financial advisors to craft innovative funding

Microsoft Edge help & learning

Get help and support for Microsoft Edge. Find Microsoft Edge support content, how-to articles, tutorials, and more.

Microgrid Design and Procurement Services

Encorp's microgrid services can combine its engineering, monitoring and billing services to create viable and customized projects that can meet a myriad of customer needs.

[Microgrid Interface Unit , BMT smart grid and renewable energy](#)

Discover BMT's Microgrid Interface Unit - enabling seamless integration, control and optimization of distributed energy sources for remote or off-grid microgrids.

Microgrid Consortium

The consortium serves as a forum for co-ops to share lessons learned, identify opportunities for collaboration, network with other co-ops and learn from microgrid experts.

March 10, 2026-KB5079473 (OS Builds 26200.8037 and 26100.8037)

This cumulative update for Windows 11, version 25H2 and 24H2 (KB5079473), includes the latest security fixes and improvements, along with non-security updates from last month's

XENDEE: The #1 Microgrid Design & Operation Platform

Design 100% carbon neutral microgrids at the lowest cost. More than 215,000 microgrid and DER designs have been optimized through Xendee. Minute-by-minute AI enabled forecasting for

Direct Energy Partners

Through our streamlined software platform, DCIDE, we are setting a new industry standard that enhances productivity, eliminates soft costs, and encourages collaboration across multiple vendors.

Bringing Microgrids to Life

ols tailored to your needs. With RE+Source PRO, you can save time, reduce complexity, and confidently navigate the evolving landscape from a single, trusted platform.

What is a Microsoft account?

Your Microsoft account dashboard is where you can manage your personal information and security settings, keep tabs on your subscriptions and order history, and manage your payment and billing

Microsoft Support

Microsoft Support is here to help you with Microsoft products. Find how-to articles, videos, and training for Microsoft Copilot, Microsoft 365, Windows 11, Surface, and more.

Account help

Get help for the account you use with Microsoft. Find how to set up Microsoft account, protect it, and use it to manage your services and subscriptions.
