

Ministry of Foreign Affairs responds to seizure of photovoltaic panels

Overview

Qcells has confirmed that US Customs and Border Protection (CBP) has detained an unspecified volume of its solar cell imports from South Korea. The company claims the cells do not contain components from Xinjiang, China and says it is working with CBP to resolve the issue. From pv . On January 14 local time in the US, the Department of Homeland Security announced the addition of 37 Chinese companies to the so-called "Uyghur Forced Labor Prevention Act Entity List.
