

Montevideo china electric vehicle market

Overview

With tax incentives and high gasoline prices, Uruguayans are turning to Chinese manufacturers, creating a shift in the market once dominated by US and European giants. We'll take you on a journey through Montevideo and Punta del Este, showcasing the diverse range of EVs . Battery-powered vehicles make up about a quarter of all new car and SUV sales in Uruguay, thanks to tax exemptions and the cost of filling up at the pump. According to Reuters, Peruvian green energy entrepreneur Luis Zwiebach . Uruguay has emerged as a regional leader in electric vehicle (EV) adoption, outpacing every country in Latin America with its rapidly evolving transport sector.
