

N djamena solar installation

Overview

Abu Dhabi-based Global South Utilities has commissioned Chad's first utility-scale solar plant, a 50 MW facility in N'Djamena with 5 MWh of storage to supply 274,000 homes. Djermaya Solar Power Station (DSPS) is a planned 60 MW (80,000 hp) solar power plant in Chad. The solar farm is under development and is owned by a consortium comprising (a) Aldwych International Limited, a subsidiary of Anergi Group (working on behalf of InfraCo Africa) and (b) Smart Energies. D'jermaya Solar Power Station

The power plant is located southwest of the town of D'jermaya, approximately 30 kilometres (19 mi), north of N'Djamena, the capital and largest city in the country. The project site measures about 100 hectares (250 acres), in the vicinity of D'jermaya. The project site is uninhabited, prior to installation of the power station.

D'jermaya Solar Power Station

The development involves construction of a 32 megawatts solar farm. It also includes the construction of a new 18 kilometres (11 mi) 33kV transmission line from the power station to the electricity substation
