

New Energy Storage Station Battery

New Energy Storage Station Battery

[California battery plant is among world's largest as power storage](#)

Calpine's billion-dollar Nova Power Bank, built on the site of a failed gas-fired power plant, will be able to power about 680,000 homes for up to four hours when charged. It could help

NASA Engineering Sparks Innovative New Battery

Battery technology that has powered the International Space Station, the Hubble Space Telescope, and numerous satellites is now storing energy on Earth, enabling intermittent renewable

[Top 7 Battery Energy Storage System \(BESS\) Projects in the USA 2026](#)

Discover the largest battery storage projects in the U.S. for 2025, including Darden, Bellefield, and Swiftsure.

California's Battery Storage Fleet Continues Record Growth

California now has nearly 17,000 megawatts of battery storage - one-third of the way to its 2045 goal - transforming how the state powers a reliable grid and robust economy, while proving

U.S. Adds 58 GWh of New Energy

Storage Capacity in 2025

The U.S. energy storage industry installed a record-shattering 57.6 GWh of new capacity in 2025, the largest year of new additions on record.

New "Salt Battery" Will Be Manufactured In The US

A new, large scale iron-sodium energy storage system will be manufactured in the US, helping to support more wind and solar in the grid.

US battery storage boom extends into 2025; nearly 19 GW under

US developers of large-scale battery storage stations have 18.7 GW of new capacity under construction, according to S&P Global Energy Market Intelligence data, indicating another strong year for the grid's

[Peak Energy just shipped the US's first grid-scale sodium-ion battery](#)

Peak Energy debuts the US's first grid-scale sodium-ion battery, cutting costs and boosting reliability with passive cooling tech.

[Two New Projects Add 1.35 GW of Solar-Battery Capacity to California](#)

Clean energy developer Arevon Energy has launched work on the 300-MW/1,200-MWhour Nighthawk Energy Storage Project, a lithium iron phosphate battery storage system to

California Battery Storage Project Map & Project List

Here is a map of all utility-scale battery storage projects in California. Hover over a battery storage project to view information on each project like their name, capacity and construction date.
