

Norway advanced energy storage project construction

Norway advanced energy storage project construction

[Hydro invests NOK 1.2 billion to build Illvatn pumped storage power](#)

Construction begins in November 2025, with planned operations starting in 2030. The plant will pump water from Fivlemyrane to Illvatn to increase reservoir capacity and winter

[Norsk Hydro Unveils Ambitious 84GWh Pumped Storage Project in Norway](#)

The Illvatn project, estimated to cost NOK 1.2 billion (approximately \$113 million), aims to commence construction in 2025, with a target for full operational status by 2028 or 2029.

Oslo advanced energy storage project

Hafslund Celsio (earlier Hafslund Oslo Celsio) plans to capture up to 400 000 tonnes of CO₂ from their waste-to-energy in Oslo. Construction phase of Hafslund Celsio was entered in summer 2022, but

84 GWH PUMPED STORAGE PROJECT PLANNED FOR NORWAY

Norway advanced energy storage project construction The Illvatn project, with an estimated price tag of NOK1.2 billion (US\$113 million), is expected to begin construction in 2025, targeting 2028 or 2029 for

Norway 500kW / 1075kWh Energy Storage Project

This project is located in Norway and represents one of the company's key energy storage deployments in the Nordic region. The project adopts five 100kW / 215kWh air-cooled outdoor cabinet energy

[SLB Capturi and Aker Solutions win contract to deliver carbon capture](#)

SLB Capturi and Aker Solutions win an EPCIC contract to deliver a modular carbon capture solution for Hafslund Celsio's waste-to-energy plant in Oslo, advancing Norway's Longship

Norway Energy Storage Outlook

While Norway boasts a robust renewable energy sector dominated by hydropower, large-scale dedicated energy storage facilities are still in their early stages of development.

Hydro to build pumped storage power plant in Luster, Norway

Hydro is set to construct a new pumped storage power plant in Luster Municipality, Norway. Construction is expected to commence in 2025, with operations anticipated to begin in 2028

Hydro takes FID on EUR-214m pumped storage project in Norway

Norwegian aluminium company Norsk Hydro ASA (OSE:NHY) has made the decision to invest NOK 2.5 billion (USD 249m/EUR 214m) to build a
