

Outdoor integrated small base station

✓ IP65/IP55 OUTDOOR CABINET

✓ IP54/55

✓ OUTDOOR ENERGY STORAGE CABINET

✓ OUTDOOR BATTERY CABINET

Overview

This product offers numerous advantages, including compact design and size, easy deployment, and installation. It is ideal for industrial 5G+ applications, such as smart mines and smart manufacturing, as well as for suburban and rural areas requiring large-scale 5G coverage. Based on the fully self-developed protocol stack and system software, this product realizes the complete 5G NR wireless access function, and . Hytera's small base station product has an integrated design with small size and easy installation, which can greatly reduce the customer's CAPEX and OPEX. Implement complete systems including .

Outdoor integrated small base station

5G Small Cell Base Station Radios

CableFree offers Band 46 5GHz LTE Base Station and Outdoor CPE devices for 4G/LTE operation in Unlicensed 5GHz spectrum, enabling smaller operators and private customers to build LTE without

LTE Integrated eNB

These devices provide users with high-speed broadband wireless access to the Internet and can operate in 5, 10, 15, or 20 MHz bandwidth, supporting 192/256 concurrent users and 384/512 RRC

OCTBTS 3500

Ideal for applications requiring small size, low power consumption, and exceptional frequency agility. Implement complete systems including dual-mode outdoor custom small cell base stations and

CableFree Outdoor 4G & 5G LTE SDR Small Cell Base Station

Part of the Emerald Cellular Product Range (4G & 5G LTE), the CableFree Advanced 4G and 5G LTE SDR Small Cell Base Station Outdoor is an integrated system capable of handling 4G or 5G LTE

One Box Base Station

Outdoor small cells for street 5G coverage

New street and outdoor small-cell solutions from Ericsson can be mounted on existing infrastructure. They are fast to install, with a subtle footprint, and secure the 5G experience.

Hytera's small one-box base station product has an integrated design with small size and easy installation, which can greatly reduce the customer's CAPEX and OPEX.

MultiTech Outdoor Base Station BS422

Compact, low-weight and rugged outdoor base station Powerful integrated controller Built-in or external GNSS receiver available per box, two antennas for diversity. Optimized for a Two-way receive

Outdoor base station

With a small form factor and high integration, it is cost-effective and powerful. Built on multi-carrier and SDR technologies, one base station is expandable to 8 carriers (UHF) or 4 carriers (VHF). And all

Unity(TM) Outdoor Integrated Base Station 40W

SageRAN Unity(TM) 5G Integrated Base Station is based on the advanced multi-core ARM and FPGA scheme, and adopts the integrated design method of 5G BBU and RRU.

[Baicells Nova442i: Outdoor 4x4W LTE TDD Base Station with Integrated](#)

The Baicells Nova442i is a high-power, all-in-one LTE TDD base station designed for outdoor private network deployments. Operating across Bands 40 (2300-2400 MHz) and 48 (3550-3700 MHz), the
