

# Photovoltaic panel unloading container

## Overview

---

This manual provides comprehensive guidelines for the safe and efficient Unloading and storage of solar photovoltaic (PV) modules manufactured and supplied by JAKSON Engineers Limited. Adherence to these procedures is essential to maintain product integrity, ensure personnel safety, and comply with . Always insert the fork from the short side of the pallet, as long as it is safe to do so. Use the right-size forklift forks based on the pallet size. Improper handling can lead to injury or damage. If the fork length is less than 3/4 of the size of the goods ,extension sleeves should be fitted on the forks before the assembly is forked, in order to avoid the .

### Unloading&Unpacking Manual-20230106

To ensure the safety of unloading of PV modules, please read this manual carefully. In the process of unloading, the forklift should be selected reasonably according to the size and weight of the goods.

### PV Module Unpacking, Handling and Storing Guide

This guide serves as a reference for inspecting, transporting, unpacking, handling and storing LONGi PV solar modules to ensure safe practices for you and the modules.

### SunBOX 35A , Hydraulic mobile solar container , MOVEit

Thanks to its robust hydraulics containers are always ready to unfold the panels within minutes. Convenient levers make it even easier to operate for only one person. Mobile Solar Container is also

### Unpacking & Repacking of Solar Modules

Unloading by hand or with a pallet truck is not suitable or permitted for solar panels. Use forklift exclusively for positioning the modules within the truck or container.

### STORAGE AND UNPACKING INSTRUCTION OF

### Solar PV Module Handling, Storage, Installation

Unpacking of PV modules should always be done in the vertical manner by two persons as shown in the diagram. Also care should be taken for falling over one module to the other inside the packing box.

STORAGE AND UNPACKING INSTRUCTION OF PHOTOVOLTAIC MODULES This manual is for Jinko solar PV module storage and unpacking instructions. To ensure the safety of loading,

### Skill: How to correctly and safely unload the solar panel

. When unloading on the platform or ground, steel plate pads or tooling shall be used to assist in moving the goods out of the container smoothly to avoid module bumps caused by the gap

### Packaging Datasheet1

To ensure the safety of loading, unloading, unpacking, and storage of PV modules, please read this manual carefully. When you need to unpack and install the modules, you can search and download

### UNLOAD/TRANSPROTATION/STORAGE OF SOLAR PANELS

UNLOAD/TRANSPROTATION/STORAGE OF SOLAR PANELS Nov 29, 2024 Precautions and general safety rules: (1)Modules should be stored in a dry and ventilated

## Unloading Handling & Storage Manual

This manual provides comprehensive guidelines for the safe and efficient Unloading and storage of solar photovoltaic (PV) modules manufactured and supplied by JAKSON Engineers Limited.
