

Photovoltaic support hoist manufacturer

Overview

Safety Hoist Company has been designing and manufacturing platform material hoists for over 55 years. Safety Hoist's electric solar hoists are an innovative solution for solar installers that can significantly reduce the time and effort required to complete a job. Not only do these hoists provide efficient lifting capabilities, but they also allow for a quick and easy setup that takes 10 minutes or less. GEDA USA's is a leading solar panel lift distributor offering original Solarlift, also called a panel lift or PV panel lift, is an economical solution for the speedy and safe transport of photovoltaic and solar panels. Whether your job site is commercial or residential, RGC material hoists accommodate a variety of applications. Tie Down will repair or replace, free of charge, any part, or parts of the TranzVolt Lift Hoist that are defective in material or workmanship or both. The limited warranty is in effect for Six (6) months from date of purchase. The device uses your existing fiberglass Werner or Louisville extension ladder. A pulley system is attached to the top of the ladder.

Photovoltaic support hoist manufacturer

Solarlift - Professional Mounting for PV-Systems , GEDA
