

Ranking of photovoltaic panel encapsulation film companies

Overview

Recently, TrendForce published the rankings for global PV encapsulation film shipments in the first half of 2024. Companies like First, Sveck, Betterial, HiUV, Sinopont, Cybrid, and Lushan made the list. 2 Billion in 2023 and is projected to reach USD 1.5 billion during the forecast period (2024-2030). The increasing use of floating solar installations is a key opportunity for the photovoltaic films market, due to the growth. PV films are thin polymer layers used in the production of solar panels, particularly in thin-film photovoltaic technologies and as encapsulation materials in crystalline silicon modules.

Ranking of photovoltaic panel encapsulation film companies

2024 PV Encapsulation Film Shipment Giants

After years of development, domestic encapsulation film enterprises have achieved global leadership in technology, scale, and capital. Currently, Chinese firms dominate the global PV

Photovoltaics (PV) Films

The Photovoltaics (PV) Films Companies Quadrant is a comprehensive industry analysis that provides valuable insights into the global market for Photovoltaics (PV) Films.

[Top 10 Companies in the PVB Encapsulation Films for Photovoltaic](#)

In this blog, we profile the Top 10 Companies in the PVB Encapsulation Films Industry -a mix of chemical giants, specialized material suppliers, and innovators shaping the future of solar

[Top 10 domestic photovoltaic film companies: Structure, Challenges, _](#)

Top 10 domestic photovoltaic film companies: Structure, Challenges, and Prospects - Published on 2025-08-04 by ACMI Photovoltaic New Materials. Explore industry trends, market

Encapsulants Manufacturers

A complete list of solar material companies involved in Encapsulants production for the Crystalline Panel Process.

These prominent competitors, along with a slew of others, define the photovoltaic films market through ongoing innovations, product launches, acquisitions, and worldwide growth strategies.

[\[Insights\] First, Sveck, and Betterial Dominate the TOP 3; 2024 H1](#)

Recently, TrendForce published the rankings for global PV encapsulation film shipments in the first half of 2024. Companies like First, Sveck, Betterial, HiUV , Sinopont, Cybrid, and Lushan

Top 15 Photovoltaics (PV) Film Manufacturers [2025-2034]

With evolving material science, increased R&D funding, and surging global installations, the Photovoltaics (PV) Films Market is well-positioned to shape the future of clean power generation.

Solar Panel Encapsulation Film

This report aims to provide a comprehensive presentation of the global market for Solar Panel Encapsulation Film, focusing on the total sales volume, sales revenue, price, key companies market
