

# Renting rooftop solar panels in rural areas

## Overview

---

Most properties are eligible for the roof rent program, although there are a few minimum requirements. Community Solar Roof Leases with Clean Earth Renewables advance urban energy infrastructure by providing access to clean energy needed to power local communities. Convert Vacant Roof Space into Profit with a Solar Roof Lease! Got 50,000 sqft+ of available roof space?

Lease it out for a solar farm . Host a community solar project and turn unused space into steady income - earning on average \$80,000 per year and \$1. You'll strengthen your bottom line and help your community access affordable, clean power. Enjoy additional net operating income 2. LIWP is the only program of its kind in California that focuses exclusively on serving low-income households with solar . Solar rooftop leasing is one of the three basic ways you can make money from your rooftop with solar energy.
