Serbia solar power station energy storage

Fortis Energy to build 110 MWp PV plant, BESS in Serbia

Turkish renewable energy producer Fortis Energy said it will develop a 110 MWp solar photovoltaic (PV) plant with an integrated 31.2 MWh battery energy storage system (BESS) near

[Serbia: Fortis Energy to build 110 MW solar power plant with storage](#)

Turkish renewable energy company Fortis Energy has announced plans to construct a 110 MW solar power plant near the town of Sid in northwestern Serbia. The Erdevik solar project will

Fortis Energy receives construction permit for Serbia

Fortis Energy has secured a construction permit for a 270MW PV plant combined with a 72MWh battery energy storage system in Serbia.

[Fortis Energy Launches 110 MWp Solar + Storage Project in Serbia](#)

This hybrid solar and storage project represents a strategic investment aimed at enhancing grid reliability, integrating renewable energy, and reducing dependence on fossil fuels.

Fortis Energy to build 110-MWp solar-storage plant in Serbia

Fortis Energy

Fortis Renewable Energy BV is proud to announce the signing of a Mandate Letter with the European Bank for Reconstruction and Development for the potential financing of a 270 MWp solar PV power

Turkish renewables company Fortis Energy announced plans to build a 110-MWp solar farm, coupled with 31.2 MWh of energy storage, in the northern Serbian municipality of Sid.

[Fortis Energy and EBRD Partner to Finance Landmark 270 MW Solar](#)

The agreement initiates due diligence and structured negotiations for the long-term financing of a 270 MW solar photovoltaic (PV) plant, integrated with a 72 MWh battery energy

[Serbia Energy Storage Power Station: Powering a Sustainable Future](#)

Discover how Serbia is leveraging cutting-edge energy storage solutions to stabilize its grid and accelerate renewable adoption. Explore market trends, project case studies, and opportunities for

Serbia solar storage: Impressive 270 MW Project Backed

By integrating a significant battery storage system, the project addresses the intermittency of solar power, ensuring a more reliable and stable supply of energy to the grid.

[Fortis Energy gets permit to build 36 MWh BESS for Serbia's Nocaj 1](#)

Fortis Energy is set to begin installing a 36 MWh battery energy storage system (BESS) at the Nocaj 1 solar plant in Sremska Mitrovica, Serbia, in the second quarter of 2026.
