

Sierra Leone off-grid solar container energy storage system manufacturer

Overview

German system integrator Asantys Systems GmbH has supplied 20 containerized solar power systems to US-owned, Nairobi-based minigrid developer PowerGen. PowerGen will use the systems for a series of projects in Sierra Leone under the Rural Renewable Energy Project (RREP) initiative. Our installed mini-grids now provide stable, clean electricity to previously underserved communities, enabling improved access to essential services, supporting local economic activities, and reducing dependence on diesel generation. Large parts of rural Sierra Leone remain without access to . Major projects now deploy clusters of 20+ containers creating storage farms with 100+MWh capacity at costs below \$280/kWh. The containers include inverters from German manufacturer SMA and batteries from Hoppecke Batterien.
