

The largest lithium battery energy storage power station in China

Overview

With a capacity of 2 GWh, the four-hour storage system is described as the largest lithium iron phosphate energy storage project in the country. The 500 MW/ 2 GWh . China Green Development Investment Group Co. 's 200 MW/800 MWh energy storage project in Wuhai, Inner Mongolia Autonomous Region, was successfully connected to the grid on November 30, marking the launch of China's largest semi-solid-state lithium battery storage facility. It stands as the largest .
