

UK Communication Power Supply Rack 50kWh

UK Communication Power Supply Rack 50kWh

GivEnergy Commercial Storage - 50kW Inverter / 69kWh Battery

Each inverter is racked with a 69kWh battery system. The use of modular battery packs (7.6kWh) that use the latest in LiFePO4 cell technology with a plug and play design makes scaling the system to

Rack-Mount UPS Systems for Secure Data Center Power Backup

Rack mounted UPS are designed to fit within standard 19 inch IT, server or network enclosures, saving floor space, delivering power protection right where you need it.

50kW to 200kW Battery Energy Storage Systems

MEGATRONS 50kW to 200kW Battery Energy Storage Solution is the ideal fit for light to medium commercial applications. Utilizing Tier 1 LFP battery cells, each commercial BESS is designed for a

Rack PDUs

From basic rack PDUs which distribute power from power sources to more advanced systems which connect to floor PDUs which distribute power during regular operation, we have a wide selection to

Rack Mount Power Supplies & Hot Swap from TDK-Lambda UK

A range of rack mount and HotSwap power supplies for industrial, medical, & broadcast applications from TDK-Lambda UK

50kW Rack Mount Power Module - Norden Communication

The UPS system is designed with modular architecture, where each module operates independently and contains its own components, including power converters, inverters, and battery systems.

GivEnergy 3ph 50kW PCS with 276kWh Storage

For larger projects up to 4 battery racks (69 kWh each) can be added to the system, giving a total combined capacity of 276 kWh. Commissioning by GivEnergy is included Mainland UK.

EMUPS50K250QBHS

The Easy UPS 3-Phase Modular uninterruptible power supply is a robust, modular, high-density 50 kW, 400V 3-phase UPS that is scalable up to 250 kW N+1.

Rackmount UPS & Rack Tower UPS

Online double conversion technology with sinusoidal waveform, completely filters out all disturbances from / to the mains power supply and ensures maximum protection of the utility.

Rack Mounted Power Supplies

Designed for today's energy demands, these ranges offer industry-leading efficiencies, communication protocol options, and support for redundant operation.
