

What are the latest energy storage system projects

What are the latest energy storage system projects

Global Renewable Energy Storage Projects: Top 15 News

These updates reflect a collective push toward net-zero goals, with investments emphasizing scalability, technological innovation, and regional energy security.

[Global news, analysis and opinion on energy storage innovation and](#)

SSE Renewables, Matrix Renewables, Drax and Voltaria have all progressed large-scale BESS projects in the UK, all-in-all totalling 1.8GWh of new capacity. Opportunity is ahead for Europe's growing fleet

Energy Storage Research , NLR

NLR researchers are designing transformative energy storage solutions with the flexibility to respond to changing conditions, emergencies, and growing energy demands-ensuring energy is

Energy Storage News , Today's Latest Stories , Reuters

India has pushed back by a year its plan for coal-fired power plants to lower output when solar generation is high, as regulators work out how to compensate for the higher costs of retrofitting

Battery Storage Projects Boost Southern California's Energy

Storage projects and locations , RWE in the Americas

The Covina Battery Energy Storage System (BESS) is a pivotal project situated in Los Angeles County, CA. Scheduled to commence operations in 2027, this 110 MW storage system aims to offer reliable

The project is expected to avoid 419 million pounds of GHGs annually, which is equivalent to removing 44,000 gas-powered cars from the road for one year or planting 3.1 million

Top 5 Largest Upcoming BESS Projects in the World 2026

This blog takes a closer look at the latest top 5 upcoming battery energy storage projects in the world in 2025. We'll break down their scale, locations, and significance while exploring how they fit into the

Top 109 Energy Storage startups 2026

These startups develop new energy storage technologies such as advanced lithium-ion batteries, gravity storage, compressed air energy storage (CAES), hydrogen storage, etc.

Energy Storage News , Today's latest by Renewables Now

Latest news on energy storage projects, BESS, capacity expansion, and regulatory updates across Europe, US & Canada, Latin America, and Asia Pacific. Discover how energy

[TOP 25 operational battery energy storage projects in the US 2025](#)

Explore the top 25 BESS projects in the US and uncover the key players driving America's energy storage boom.
