

# What does free photovoltaic panels mean

## Overview

---

Here's the reality: "Free solar" typically means solar with no upfront cost-not solar you'll never pay for. These offers often refer to solar leases or power purchase agreements (PPAs), financing options where a solar company installs panels on your property without requiring a down . When something is advertised as "free," it usually comes with a few strings attached-free solar panels are no exception. Companies simply use this word to get your attention. However, the federal government does not offer any programs for free home solar panel installations nor does the government require companies to grant . The honest truth is that "free solar" is real, though homeowners frequently misunderstand the term. To decide if it is the right fit for your roof, you first need to understand the structure behind these programs.
